DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This house located on the east side of South Vermont Street is a two story, three bay dwelling covered with asbestos shingle siding. It is probably of frame construction. Windows have two over two pane sashes held within molded flat topped architraves. The main entrance is in the central bay and includes a transom. The roof is covered with corrugated sheet metal. Brick chimneys are located inside the end walls. There is a small shed roofed entrance porch. The house is in fair condition and probably dates from the late 19th century.
